

# ETCV

## “Through the years”

### Established since 1860

The venue has transformed from a church building, to a cinema and even a Fringe venue - consistently providing entertainment and community to Edinburgh locals and tourists from all over.

### 2004 - Mike & Liz get the keys

An exciting new business venture!

### 2010-2015 - Staff Staff Staff

Between these 5 years, Craig, Sarah, James, Jamie & Nicoya join the team - and are still working here today!

### 2014 - Major IT upgrade

Moving from 90's tech to 2000's - all PC's were upgraded to improve our client's PC course experience.

### 2016 - More investing

Investing in more furniture and equipment made logistical sense to have everything on-site ready to move up, down & around the building.

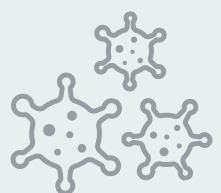

### 2018 - Building maintenance

As well as investing in equipment for our clients events, the outside also needed some TLC. The roof was fixed - ready for our lovely Scottish weather!

### 2020 - the challenge of COVID

This changed the way our clients & companies use our venue - this meant more investing in our IT equipment e.g. Hybrid packages, 4K TV's, projectors and more!

### 2024 - Bring on the next 20 years!

Here's to an eventful 20 years at ETCV, looking forward to hosting many events for our current & future clients to come!
